Background

The NC Homeowner Assistance Fund is accepting applications from North Carolina homeowners whose finances were impacted by the pandemic and who need assistance with housing-related expenses.

Established through the 2021 American Rescue Plan to prevent mortgage delinquencies, defaults, displacements and foreclosures for homeowners experiencing financial difficulties

due to the coronavirus pandemic, the Fund offers assistance of up to \$40,000 for qualified homeowners as long as funding is available.

For qualified homeowners, the fund offers:

- Housing payment assistance for primary residence in North Carolina.
- Assistance for mortgage reinstatement to catch up on late payments (first and second mortgages) or other housing-related costs due to a period of forbearance, delinquency or default.
- Assistance covering other housing-related costs such as homeowner's insurance, flood insurance, mortgage insurance, homeowner's association dues/fees or delinquent property taxes to prevent foreclosure.

The NC Homeowner Assistance Fund is being supported, in whole or in part, by federal award number HAF0019 awarded to the State of North Carolina by the US Department of the Treasury. The North Carolina Housing Finance Agency is a self-supporting public agency that finances affordable housing opportunities for North Carolinians whose needs are not met by the market.
